

SAVE-THE-DATE

Provider Invitation

We are pleased to announce the First Annual **US Virgin Islands Digital Health Summit 2022** from the Governor's Office of Health Information Technology this **July 25 – 27, 2022** in St. Thomas.

We'd like to invite you to hear from leading experts on use cases, solutions and lessons learned. In addition to providing updates on the USVI progress on the Health Information Exchange and interoperability in general, the summit promises an exciting, engaging, thought-provoking, and informative event for USVI providers of health services and health IT services. We have also invited exhibitors with relevant products and solutions.

Essential details are below and more information will follow. We hope to welcome you and your staff! **Please RSVP** by emailing edidiong.utibe@go.vi.gov.

Monday, 7/25/22: 6:00 p.m. to 8:30 p.m.: Evening Welcome Reception at Government House St. Thomas

Tuesday, 7/26/22: 7:30 a.m. to 4:30 p.m. : All day Summit with breakfast and lunch hosted on-site

Wednesday, 7/27/22: 8:30 a.m. to 1:00 p.m. : Exhibitor Engagement, Deep Dive Sessions, and One-on-One appointments

General Conference Information

Registration

General **registration for attendees is free**, but will be capped and closed 2 weeks prior to the event. Please email your intent to attend and RSVP by emailing

edidiong.utibe@go.vi.gov. There are exhibitor and sponsorship opportunities. The Government of the Virgin Islands prefers paper checks but an electronic payment solution is currently being developed. Online registration and electronic payments details will be made available by **June 20, 2022**.

What to Expect

Networking. Meaningful Connections. Engagement. Useful Information. Tools for Transformation. Support.

At USVI Digital Health Summit 2022, we will embrace innovative thinking, pursue disruptive opportunities that solve continuing challenges, work across agencies, and build public / private partnerships to tackle long-standing inefficiencies.

About Conference Attendees:

Physicians, Advanced Practice Nurse Practitioners, Physician Assistants, Registered Nurses, Administrators, Information Technology Providers, University Administrators, Insurance Providers, Hospital & Clinic Executives, Public Health Representatives, Telcom Representatives, School-Based Health Professionals, Economic Developers, Local Government Leaders and Policy Advisors, Mental Health Professionals, Telehealth Industry Representatives etc

Estimated Attendance: 100 – 125 including staff and attendees

- Biography - Please submit a bio that is between 150-300 words in length. Bios are due immediately. Send to edidiong.utibe@go.vi.gov.

About the Office of Health Information Technology

The Office of Health Information Technology was established by Governor Bryan in 2021. It serves as the nucleus for innovative and transformative health Information technology across the USVI in order to improve the health and wellness of Virgin Islanders. The overarching goals of the Office of Health IT are guided by the Mission of the Health IT Workgroup Plan: To design and implement an integrated health care system that uses health information technology to improve the health and wellness of U.S. Virgin Islands residents. It is led by Executive Director, Michelle M. Francis.
